Class - V

Hey! Summer is here and so am I. And I'm here with a fun project for you to do during holiday.

Make sure that you submit your work with a cover page and you present your work neatly.

Also, I would suggest that you manage your work in such a way that a little work is done every day to avoid piling it for the last

Task 1 –

- Design your own scrap book using paper and eco-friendly material Add coloured A-4 sheets. Be creative and use your imagination to design a beautiful cover too. Write your name and paste your own picture on the cover.
- Collect some information about two authors- **Rabindranath Tagore** and **Ruskin Bond**. Paste their photograph and write a short biography of these authors in your scrap book.
- Read the newspaper regularly during your holidays. Cut five pictures from old newspapers. Paste them in your scrap book and give a caption to each picture.

Task 2 –

- **12 ANGRY NUMBERS**
The numbers 1 through 12 are really angry! No two consecutive numbers want to be next to each other. Can you help them? Write the numbers in the circles so that no line

connects two consecutive numbers. After writing the numbers in the given picture cut the picture and paste in the scrap book.
