

THE SD VIDYA SCHOOL NOIDA
GRADE – V
HOLIDAY HOMEWORK (2019-20)
CLEAN WATER AND SANITATION

A single inter – disciplinary project is to be made in one file containing all subjects.

- ❖ **The first page of the project should have the following details-**
- ❖ **Name of the Student-**
- ❖ **Class and section-**
- ❖ **Session-**

The second page must have the following:

Teacher’s Signature	Remarks by Teacher	Subject

- **The project should be hand written on A4 size white/coloured sheets and to be attached in Water book.**
- **All subject specific tasks or homework to be placed in a single file.**

ACTIVITY 1

Prepare your own Water Book using white A4 size sheets and paste dark and light blue glaze paper at the bottom of each sheet to give wave effect. Design an attractive cover page for your water book. Your Water Book is now ready for writing articles.

- Compose a poem in English/Hindi on water.
- Water Scarcity is the lack of sufficient available water resources to meet water needs within a region. It affects every continent. Depleting reservoirs and falling groundwater table has led to an acute water shortage in several states of India as well. As a conscious citizen of the country, write an Article on the topic ‘Consumption of water in Urban and Rural India’ in 100-120 words.
- Hints:
 - What is the meaning of water consumption?
 - Different ways and methods of consumption of water in cities and villages.
 - Problems related to water consumption. Comparison between consumption of water in cities and villages Problems faced due to water scarcity.
 - Solutions and measures.
- “Save and conserve Water” make a poster on how to conserve water
Get a water pledge signed by atleast 10 people in your locality.
Paste atleast 2 photographs of your campaign in the water book.

ACTIVITY 2:

Prepare 4 placards giving message to the community on how one can be 'Water wise' on A4 size pastel sheets.

- Write in bold letters using dark coloured marker pens or crayons.
- Get them laminated to be put up in the school for sensitization purpose.
- Write your name class on the front side of each placard. Check the spellings before getting it laminated.

ACTIVITY 3:

Have fun creating your own marble paper.

You will need – Food colouring, cooking oil, a large container with 2.5 cm depth, cold water, A-4 size white / light colour pastel sheet.

Method – Fill a container with cold water.

- Mix a few drops of food colouring with half a table spoon of regular cooking oil. Drip onto the surface of the water and create patterns.
- Place the paper on the surface of the water & then quickly lift off. Leave to dry.
- Your marble paper is ready.
- Now make any of the following using this paper – greeting card, envelope, folder, or any other article of your choice and bring it to school.

ACTIVITY 4:

Rivers are the main source of drinking water, but human beings keep on polluting them mindlessly by throwing garbage ,chemical etc in them. Keeping in view a great threat to rivers ,make a **collage** on A-3 size coloured sheet to show polluting and cleaning the river.

Guidelines for making collage:

- Write an attractive slogan(3-4 lines)
- Add relevant pictures
- Give suitable name to your collage

ACTIVITY 5:

Write down two recipes of health drinks that can be prepared using seasonal fruits/ vegetables with the help of your parents. Prepare and serve it to your family/ friends. Click photographs and tell them to write their comments in A-4 size coloured sheets and attach in water book folder.
